appended to that letter gives 11 3/4 pintas as the area required to be acquired from them. It may be presumed to be the extent actually appropriated. The Patrs have nowhere stated the money value of this land.

I think we may ask the Dy. Cr to report how much land has actually been occupied; what pecuniary compensation its loss deserves and what the Patrs want.

That the W.R.Co. has abandoned the land referred to by Patrs we have no record. This has to be ascertained. The Dy. Comrs opinion on the proposed exchange & how much of which land may be given should also be obtained. The Dy. Comr has further to be asked whether the old road through the level crossing may be abandoned as no

There is nothing on record to
shew that Messrs Richie & Co
agreed to take 13 guntas gloss
including the road, though in
their letter dated 23rd July 1895
they applied for the proviso
abandoned by the Madras
Railway Co, and the road in
question. As the Madras
Railway Company were unwilling to
give up the proviso belonging
to them, the Deputy Commissioner
arranged to buy 7 Cents
of garden land & gave the
same to Messrs Richie & Co
in addition to the road
measuring 6 guntas referred
to in their letter.

Thus, Messrs Richie & Co's claim seems
to have been finally settled

13 guntas of Mr. Rickie's land was taken up for a loop at the instance of the Madras Railway Company. After some correspondence the then Dy Commr Mr. Venkat Vardiengar proposed to give Mr. Rickie in lieu of compensation, 6 guntas of an abandoned road and 7 guntas of garden land to be acquired from its owners at a cost of Rs 653-12-0 (Sl.No 30). The Dy Commr's letter seemed to show that Mr.Rickie was agreeable to this arrangement which accordingly was sanctioned by Govt in the D.P.W. (Sl. No. 32 A dated 4-12-97). Possession seems to have been given to Mr.Rickie in the beginning of March 1898 but there is no written record of it. On the 24th of the same month, Mr.Rickie wrote to Govt complaining of the inadequacy of the compensation by way of exchange given to him and asked for 6 guntas more of garden land (Sl.No.35). The Dy Commr (Mr.K.Narasimhiengar in District charge) having however reported that the matter had been finally settled (Sl.No. 35 d 20-4-98), Mr. Rickie was informed that Govt declined to reopen the question(Sl.No.38 d 18-5-98). Mr.Rickie sent up another petition on the 23d May 98 (Sl.No.39). The Dy Commr was thereupon asked whether there was

anything on record to show that the arrangement already made had been accepted by Mr.Rickie as a final settlement of his claim (Sl.No.40 d 15-6-98). The Dy Commr Mr.B.K.Venkat Vardiengar again replied that the matter had been finally settled (Sl.No.41 d 12-7-98). The Endorsement given by Govt on 20-4-98 was thereupon repeated. During the pendancy of the last mentioned petition the local authorities seem to have obtained from Mr.Rickie a receipt dated 24-5-98 in which he stated thus, "I protest against the road as compensation, and request 6 guntas more of the garden land being made over to me." The existence of this receipt with protest was not brought to the notice of Govt., by the then Dy Commr. Mr.Rickie's next move was a petition to the Resident who forwarded it to us for a report. It has since been ascertained that the late Dy Commr's reports were all misleading.

Mr. Rickie first asked for some Railway land plus the abandoned road. The exact extent of the former has not been ascertained but it was evidently much more than 7 guntas (Vide Mr.Kuppusawmi Naidu's Memo No.534 d 25-8-97). This Railway land was reported not to be available. Hence the selection of some garden land in its stead. The Asst Commr seems to have taken it for granted that

of their site and urged
further that they —
wanted 13 guntas of
garden land + the road
as Compensation for
land taken from them.
This letter from Messrs
Richie H^{o} was sent to the Commr
for perusal. The Dy Commr
reported that the
matter had been
finally settled that
Messrs Richie & Co in their
letter of 23/7/95 addressed (44)
to the Board, requested
that a road and a
triangular piece of
land belonging to the
Madras Ry Company
might be given to them
in exchange for their
land taken up + that

13 guntas was all that Mr.Rickie wanted, or could get, including the ~~Railway~~ road and house -

When the correspondence regarding the above exchange was going on, the Dewan seems to have visited the locality and suggested a better loop involving the acquisition of some more land from Mr. Rickie and the grant to him of some further garden land to be acquired from its owners. Mr Rickie who was then present is understood to have raised no objection to this ~~proposal~~ suggestion which was not however given effect to, as the Railway authorities proceeded with, and completed, the construction of the loop as originally aligned. The question is whether some more garden land (6 guntas) should be acquired and given to Mr.Rickie or whether the Resident should be informed that Mr.Rickie's complaint is unreasonable and the Durbar see no reason to entertain it. The matter was long pending and Mr. Rickie was repeatedly urging its early settlement. This circumstance and the Dy Commr's several misleading reports coupled with his omission to obtain a written agreement from Mr. Rickie before proposing the exchange. or an unqualified acknowledgment at the time of delivering possession,

are responsible for the unfortunate uncertainty and perplexity which we have now to contend against.

requested to state how the
matter then stood & whether
Mr Ritchie had any real grievance

In his letter of 20th Decr 1895, the Secretary for Rly replied that Some time back the Madras Railway Company had built a loop thro' the land in question but it was abandoned owing to the exorbitant compensation demanded by Mr Rickie, that as this loop line would materially improve the approach road. it might be advisable to Construct it Sooner or later, & that as regards the exchange of other land abandoned by the Railway Company, as made out by Mr Rickie, he was in Communication with the Company's Chief Engr. In his letter dated 20th January 1897, the Secretary for Railways requested that the amount of compensation payable for the land in question might be settled at an early date

entanglements in the Courts.
Thereupon, a detailed report
was called for from the
Deputy Comm^r, who deputed
the Assistant
Comm^r of the district for
the Settlement of Mess^rs Ritchie &
Claim. Messrs Ritchie & Co.,
stated that they were willing
to an exchange of land
with the Railway Comp^y,
taking over the triangular
piece in front of their shop
and the old Railway line,
or to hand over their garden
on payment in each of
Rs. 5,000 to enable them
to purchase garden land
adjoining their new work-

with reference to the above,
and at the instance of the
General Assistant Comm^r,
the Ry Comm^r requested that (22½) × Letter no. 1017 dy 8-4-97
the area of land proposed
to be taken up from Messrs
Richie & Co., was 15 guntas
for which they claimed Rs. 5.000,
that the rate of compen-
-sation adopted in the
vicinity was 1 rupee a
Square yard for building
Sites, and Rs. 100 to 200
per acre for cultivable
land in addition to the
value of trees, that if
it were finally resolved to
take up Messrs Richie & Co's land
it might be possible by negotiation
to buy up the garden land
adjoining the workshop yard
of Messrs in exchange at less
cost. if the proposed exchange
of land with the Messrs
Ry: Comp^y were impracticable -
it was then ascertained from (24) Letter no. 1215 dy 14-6-97
the Secretary for Railways

(17)

From the above, it is clear that, if Messrs Ruckie & Co did not consider that the Exchange was sufficient compensation, they should & should certainly have refused to take over the 13 guntas in Chudnaj Mr Ward's survey in Exchange and that the claim now launched for 6 guntas more, is an after-thought

The Manx Railway Company being unwilling to part with the land in their possession, it was finally proposed and settled that 7 perches of garden land should be required by the Railway Act of 1874 as made over to the Manx Railway Company with the aforesaid road meaning 6 perches. This was accepted by the Company and the Company's Engineer. And Mr. Ralfe Herring proposed that

[illegible] of land No. 34 belonging to Messrs. Revue & Co seems to have been used by the Madras Railway Company for cutting the new road going below the Railway. They do not seem to have received the owner's assent; and it looks as if their work was commenced while the matter (as to whether the particular road should be made or not) was still under discussion between the Durbar and the Residency.

As in the last letter on the subject to the 1st A.R. (No. 33 dt. 1 June 95) it has been suggested that the new road should be tried and its convenience for traffic, I think that Messrs. Revue & Co should be compensated for the land they have lost.

The records show that part of land No 34 has been occupied (Dy. C[illegible]'s letter 221 dt. 18 Aug 94) but how much, is not clearly shown. The statement

SIR,

Replying to your letter No. 33 R.T. 5092 15th instant, which with its enclosures is retained in this office, regarding Messrs Rickiffs's land at the Bangalore City Station, I have the honor to inform you that a loop was tried through this land some time back by the Madras Railway Company but was abandoned owing to the exorbitant rate for compensation asked for by Mr Rickiffs. As this loop line would materially improve the approach road to the Station at this point, it may be advisable to construct it sooner or later, and in this view, I have asked the President of the Bangalore City Municipality to let me

have the plans and records connected with the grant of the land in question to Mr Rickie.

I shall be glad (86) if early steps be taken to obtain this information, so that I may submit the case to Government for final orders. since has since been cleared, but never
worked. The proposal involves the
re-cession of this land by the Company
to the Mysore Government, to be made
over to Lt. Pictet.

3. In the event of this above being
impracticable, Lt. Pictet claims a
piece of 2½ acres in order to enable him
to buy from his neighbouring garden
owners an equivalent adjoining his
new workshop. The area of this land
is about 3 gunthes.

4. The rates of money compensation
adopted in the vicinity were: Rupees
a Cypress yard for building site and
Rupees 100 per annum for cultivable
land, besides value of trees. But this
falls far short of the demands formu-
lated by Lt. Pictet. If the Govern-
ment finally resolves upon taking
up this land altogether, it may be
possible by negotiation to buy
up the garden land adjoining
the Workshop and give it to him
in exchange, at less cost.

Section A/11
File No 5604 98
Serial No 30

Read the proceedings noted in the date
20 to Division from the Secretary to Railway
Government of Bengal.

In accompanying file of papers
relates to the improvement effected in
the horizontal gradient of the Road
which leads down from the Darjeeling-
-ing Land to the new Railway ap-
-proach under the bridge at the Bangalore
City Station.

Sometime during the year 1892 the
Bengal Railway Company to widen and
raise the grade and have fixed constructed
a short curve which passed through private
Premises known as (illegible grounds)
situated along side the road. It was kept
however, in an unfinished state owing
to the pecuniary amount of compensation
viz Rs 2000 asked for by Messrs Burkin
and Co for 13 cents of the land which
had been marked out.

The settlement of this claim has been
dragging on till now for the cause of

matter, while Messrs. Ritchie and Co have been petitioning the Government for payment of the grant of water land and in the possession of the Railway Company or of suitable ground in the vicinity of their property.

The City Engineer Madras Railway Company in his letter No 102/48 dt 14th January 1948 explains that it is not possible to relinquish any portion of their land which as it is barely sufficient for station purposes.

As the Government acted for Messrs Ritchie and Co in acquisition, the Deputy Commissioner Bangalore District as an alternative proposes to give the firm in exchange certain site, first granted adjoining their property. Either, first ground belong to Government and the remaining to private parties to acquire which latter, Government will have to pay a compensation of Rs 6000-12-0.

Should you see no objection to the proposal of the Deputy Commissioner Bangalore District please convey your approval to it. Should first and to be entered and protected dispute.

Sir,

With reference to your docket No. 10450 / R. F. 50-92 dated the 29th April (36)
1898, enquiring whether final orders have been passed in the matter of the claim of Messrs Rickie & Co. for compensation for their lands taken up for the loop line near the City Railway Station, Bangalore, I have the honor to state that the Government order which was conveyed in No. 5-320 / R. 1738 (320) dated the 15th December 1897, forwarding Railway Secretary's order No 368 (324) dated the 4th December 1897, was taken to the final and the instructions confirmed therein carried out. The road has been made over to Messrs Rickie & Co. They now simply

piece of land belonging to the Madras Railway Company might be given to them in exchange for their lands taken up. But the Railway Secretary to the Government of Mysore in order No. 366 dated the 4th of December 1897 intimated that no part of the land belonging to the Railway Co. could be spared; and consequently the grant of the road has been supplemented by garden lands adjoining Messrs Richards & Co's workshop. Under these circumstances I am of opinion that their present claim for additional garden lands cannot be entertained.

Sir,

As it is now over one year since ground belonging to us was taken away by the Railway Company and being in much need of ground room we shall feel obliged if the ground now abandoned by the Madras Railway Company be made over to us in exchange including the road passing our works which is in disuse owing to a bridge being built by the Company which connects this road on the other side of the Railway Line. If this cannot be done we beg that a quantity of the garden land adjoining us may be made over in extent sufficient to compensate us for the loss of the important site we have been deprived of.

(40) 11316 7-6-95 With reference to your docket No. of the 17th June 1895, regarding the land of Messrs. Pickie and Company acquired for a loop line and the lands given therein exchange therefor, I beg to state that Mr. Assistant Commissioner Kuppuswamy Naidu settled the matter, the settlement being that in lieu of the 13 gunthas of the said Company's land taken up, they were to get 6 gunthas of an abandoned road and 7 gunthas bought by Government for the purpose of this exchange. Accordingly, the lands to be made over to the Company were transferred to them in lieu of their land taken up. Thus the matter was finally settled. Now they seem to try to reopen the subject by saying that the transfer to them of 6 gunthas of the said road is no compensation. Sent copy of their letter dated the 23rd July 1895 herein enclosed shews that they wanted the road in question and

To

The Dewan of Mysore.

Dated Bangalore, 27th June 189 9

Sir,

I am directed to forward a copy of a letter dated the 9th instant (with enclosures, in original, to be kindly returned) from Messrs Rickie and Co, Bangalore City, on the subject of the compensation payable to them in respect of their land (13 guntas) taken over by the Durbar for Railway purposes of the Madras Railway Company at the Bangalore City Station, and I am to request that you will be so good as to favour the Resident with a report on the case.

2. The sequence of the case, I am to mention, is not quite clear from the papers available in this Office.

I have the honor to be

Sir,

Your most obedient servant

First Assistant Resident.

Letter dated the 9th June 1899 from Messrs Rickie & Co. Bangalore, to the Residen in Mysore.

We beg to enclose for your infor tion copies of correspondence between the Mysore Government and ourselves regarding land taken from us in 1894, and if it is within your province to interfere in the matter, an see us rightly compensated, we shall feel obliged to you for doing so. The site we ha lost is a valuable one for our business, an we consider double the area paid us in Garden Land would not more than adequately compensate us for what we ha lost.

(46 a)

In returning herewith Deputy Commissioner's memo No 447 dated 16.2.97 and memo No. 497 dated 9.3.97, requesting to settle the amount of Compensation due to Mr. Rickie for a portion of Land taken up for an approach road to the Railway under bridge at Bangalore, begs to state that the undersigned had Conversation with Mr Rickie, on the spot, regarding the land in question. His letter dated 23rd instant on the subject is enclosed for information. Mr Rickie wants 2 plots of Lands; one a triangular piece of land in front of the work shop, and the other, an abandoned old Railway line by the side of the work shop, or 5000 Rs Compensation, to enable him to purchase Garden Land situated on the rear side of the work shop. He prefers exchange land, the extent of which will be much more than Mr. Rickie's land.

Yes

4. The extent of the land for which compensation will have to be settled forms part of Survey No. 34 of Beriza Moodenchally, village and measures only 13 guntas. For this small extent the amount of compensation claimed seems to be very high.

3. Invite attention to this office memo No 453 dated 31. 10. 95 which is in the record.

4. The entire record is herewith returned.

Dear Sir

Referring to conversation with you this morning regarding compensation for the plot of land taken over by the Madras Railway Coy, we are willing to an exchange of land with the Railway Coy, taking over the triangular piece in front of our shops and the old Railway line or to hand over garden land, or payment in cash Rs 5000/ (Rupees five thousand) to enable us to purchase garden land adjoining to our work shops. We prefer an exchange of land with the Railway Coy, as it will be more useful to us in furthering our business extensions.

Yours affly

No. 131. Read:

With reference to Government Proceedings No. 11504-5 dated 29th R.D. 15-92

June last, with Deputy Commissioner's order thereon, beg to state that Messrs. Rickie & Co. claim £500 for the piece of their land measuring 13 yards required for the purpose of opening a loop line which will materially improve the approach road at this point. The sum claimed is heavy, considering the market value of similar lands in the vicinity. Therefore, it is advantageous to acquire the land required by granting the exchange lands, detailed below, to Messrs. Rickie & Co.

(1.) The piece of land in front of work shop forming the old cart track and measuring 6 yards. This track has become useless for traffic by the closing of the Railway gate and by the construction

of Railway under bridge.

2. The piece of garden land measuring two gunters and belonging to 3 individuals. This piece adjoins the work shop.

3. The total extent of the above piece is 13 gunters. No compensation is necessary for cart track but for the garden land compensation will have to be paid. The probable amount of compensation would come to Rs. 653-12-4, and the enclosed statement will furnish the necessary details of the same.

4. A sketch plan showing the lands of Messrs. Richie & Co. to be acquired shaded with red ink and the lands to be given in exchange therefor is enclosed for information. It will be observed from the plan that No. 5 is the land of Messrs. Richie & Co. and that the lands to be given in exchange therefor are the Nos. 1, 2, 3

and 4 Fanning garden lands and cart track respectively.

4- If the above proposal be approved, steps will be taken to acquire the piece of land and make over the same to Messrs Rickie & Co along with the old cart track.

5- Further, begs to bring to the notice of the Deputy Commissioner, that according to village map enclosed, ~~that~~ there should be a strip of land between survey No 34, belonging to Messrs Rickie & Co and 20 belonging to garden owners. Actually, there is no such strip on the spot. Therefore it is necessary to get this verified by the District Surveyor.

Sir,

In reply to your letter no. 3795 /S35.99 dated 27th June 1899 and subsequent reminders asking for a report on the subject of land belonging to Messrs Rickie & Co., taken over by the Durbar for purposes of the Madras Railway company at the Bangalore city Station, I am directed to state for the information of the President, that out of 22 guntas of land granted to Mr. Rickie in 1888 for Rs 50, the Madras Railway company wanted about 13 guntas for opening a loop line to the approach road to the City station. Orders were accordingly issued regarding the acquisition of the land and the settlement of compensation payable therefor. Messrs Rickie & Co., asked either for a cash compensation of Rs 5,000/- or for land in exchange the latter being either a triangular piece of land in the possession of the Madras Railway company as well as an abandoned road, or 13 guntas of garden land adjoining their workshop. The Madras Railway Company being unwillir to part with the land in their possession, it was finally proposed and settled that 7 guntas of garden land in private holding should be acquired by the Durbar at a cost of Rs 653-12-0 and made over to Messrs Rickie & Co.,

Proceedings of the Government of Mysore.

Correspondence ending with letter No. D 77 dated the 20th July 1899 from the Deputy Commissioner of the Bangalore District forwarding certain papers connected with Messrs Rickie & Co's complaint regarding the insufficiency of the lands ~~given~~ given to them in exchange for the 13 guntas of land acquired from them for a loop line near the City Railway Station, Bangalore.

Order thereon. No. 6409 Mis: 1897 Dated Bangalore 2 December 1899.

Government observe that in exchange for the land taken up for the loop line in question, Messrs Rickie & Co., received possession in March 1898 of 7 guntas of garden land acquired by Government from its owners and 6 guntas of an abandoned road (Government land). Upon the reports of local officers, Government have been under the belief that Messrs Rickie & Co's claim had been fully settled by means of the exchange of land given to them in March 1898. But as the local authorities failed to secure themselves by a proper written document from Messrs Rickie & Co., at that time, and as the latter have, since accepting possession of the lands given in exchange, called in question the sufficiency of the exchange and as they still persist in their contention of such insufficiency, Government will now allow the question to be reopened on the express ground that Messrs Rickie & Co., return the lands given to them in exchange. The matter will thus be restored to its status before the lands in exchange were given and it will now be disposed of forthwith under the Land Acquisition Regulation, the compensation as settled under the Regulation being paid in cash to Messrs Rickie & Co.

2. The Deputy Commissioner will intimate the decision alone of Government to Messrs Rickie & Co., and on their relinquishing the private and Government lands given to them in exchange, proceed

as early as possible to take the needful action under the Land Acquisition Regulation.

Sir,

We have the honour to acknowledge receipt of your letter, No. 9905-4 12/20 dated and enclosure of copy of Government Order No. 6100 Mis, 1897-4 2nd Section, and beg to state in reply that we appreciate the idea of supplying such a simple case, which may bring us into the Engineering Government for matters are clear and upright and referred to in the accompanying letter.

29-12-99.

Section 31, Para (5) of the said regulations act No. X of 1890, provides for the course adopted by the Government, and all that remains now to be done, is to see that the enclosure is equitable and adequate, so that the regard for our interests may be observable in the compensation given.

28th December 1899.

The sweeping (see the word "sweeping" with reserve) of the case, would necessitate many references to sections of the Land Acquisition Act No. VII of 1894, including Section No. 49, and bring in difficulties which can be avoided, if a somewhat liberal construction is given to Rule 3, of section 31, already mentioned.

We venture to submit, that we have a claim to liberal treatment in this matter, considering

1st. The complete ignoring of the Land acquisition Act. No. I of 1894 in the face of our protests, when the Land was encroached on.

2nd. The delay of four years in offering compensation, and when ~~declared~~ offered, it was not only minus the 5 per centum per annum allowed, and 6 per centum per annum for delay, in accordance with Land Acquisition Act No. I of 1894, but was nearly 50 per cent less than the Land forcibly taken from us.

Copy of letter dated the 8th March 1900, from Messrs. Rickie & Co, Bangalore, to the British Resident in Mysore.

(103)

We acknowledge, with thanks, your letter No. 1077/235-99, dated 3rd instant, and beg to state that we are not in the least at variance with the Mysore Governmen in regard to the procedure. We have agreed to an exchange of Land under Section 31 paragraph 3 of the Land Acquisition Act.

The Land taken from us extended to 13 Guntas.

In exchange for this the Mysore Government gives us 7 Guntas, and told us we could take the disused or abandoned public road in front of our works for the other half.

This is so unjust and at variance with the provisions of the Land Acquisition Act that we had to appeal to you for redress.

The Act allows 15% in addition to the 13 Guntas and 6% per annum; which for 6 years delay, now stands at 36%. No consideration has been shown for the valuable frontage of the site we have been deprived of. All that we ask you, is treatment, strictly in accordance with the Act and the Section under which the Mysore Goverment have taken up their position.

Apologising for again addressing you on this subject, but trust you will assist us, as we have already waited six years, and suffered considerably thereby in our business.

4th. The Government has taken no notice of our serious loss in timber during the time knowing what the Government was going to do we were obliged to defer erection of machinery and we are still in the quandam until the land question is settled.

5th The greater the delay in adjusting our claims, it is only reasonable that the Compensation should be increased, and we glad to see that the Government now look upon the matter as urgent.

Sir,

(Referring to Government Proceedings No. 10871 / Mis 3276 dated 29th March 1900, enquiring how the matter relating to Messrs Rieki & Co's claim for compensation for certain lands taken up for a Coal line near the City Railway Station now claimed, I have the honor to state that in exchange for the 13 guntas of land taken from them, 11 guntas of garden land and 6 guntas of road, altogether making 13 guntas, were given to them in 1898. Messrs Rieki and Co, while accepting the grant, have been regularly complaining

that

that the land forming the said is not an adequate compensation for the heavy loss sustained by them. On the 3rd instant, I met Messrs Richie & Co and arranged that they should have 6 more Bundas of farmland in full satisfaction of all their claims. These 6 Bundas have been acquired at a cost of £54-6-0, and handed over to them. The receipt obtained from Messrs Richie & Co, is here-with forwarded for the information of Government.

The amount was in currency required & was drawn from the District Treasury on an advance cheque and paid to the owners of the land. I have therefore the honor to solicit that the

To,

The Secretary to the
Government of Mysore
Rev and Genl Department
Bangalore.

Sir,

(60)

I am directed to refer to your Kind attention to this office letter No D 1042 dated 24th April 1900, reporting upon the final settlement of the claim for compensation of Messrs Pickford and Co for execution of their work through grounds taken up from the Hospitals of the Madras Railway Company, I have the honour to submit herewith, a copy of Account No. 22 dated 15th Instant from the Comptroller

to the Government of Mysore, to my address
urging the speedy adjustment of the
advance, and to solicit the early sanction
of Government for the payment of Rs 4814-6-0
to the owner of the garden land given to
Messrs Rickie and Co.

2 It will be seen that the Comptroller
asks for the adjustment of Rs 525-11-0,
whereas the sanction of Government has
been solicited for only Rs 4814-6-0. The
difference is due to the refund of Rs 41-5-0
to the Treasury. This fact will be
pointed out to the Comptroller.

I have the honor to be
